BUSINESS PARTNER – 2017 ***A Golf Entertaining /Social /Company Membership***

Ridgemont now offers a specially designed plan to provide a company the chance to be a part of a PRIVATE Country Club for GUEST, CUSTOMER entertaining. It spares the cost of pricey individual membership's fees to entertain with the game of golf. The *Business Partner* enables a PRIVATE club, with golf environment! A great tool for a fun day with clients.

The cost is a \$1,000 first-time first-year Company enrollment fee. Subsequent years would be \$500 annual dues. It provides a Member-for-the-day golfing privilege for the appointed 'Golf Captain' in the firm. Up to 5 captains can be appointed. They should be experienced with 'customer' golf, likely a member of another club, or regularly golf-entertain customers, guests, etc. to enjoy all the privileges of a typical Private club member. All players, including the captains, would be a pay-for-play basis for the day.

Golf play is during Soft-Time (weekdays), or weekend afternoons after 3PM. Weekend mornings, prime time play is not an included privilege of the Business Partner plan, but we would possibly consider special requests at additional fees.

This is basically a Social plan, with Golfing privilege! Food, Beverage, Catering services and meeting room access included. All golf captains and a designated Primary member will have dining privilege at RCC year round, and access to the Social events of the club.

Club Member standards and expectations are listed on the website. We require compliance of dress requirements, golf etiquette and conduct by all captains and guests. Tours, questions and concerns can be addressed by contacting Jim Cucinelli, ext. 113 or Chuck Gannon, Membership Sales Director, membership@rccgolf.com.
